SCORPION EXO®

RIDE**AMAZING**

SCORPION SPORTS EUROPE

ScorpionEXO is your riding partner who is always by your side with the most innovative, stylish, and desirable mobility gear.

A trend-setter in the mobility industry where premium quality and features have made us the market leader with our “never settle” and “make it happen” mentality.

FOCUS

ScorpionEXO is dedicated to ongoing research and the pursuit of innovative technologies and materials to advance the quality of their products.

This commitment is driven by the goal to not only enhance customer experiences but also to exceed their expectations. Through this continuous improvement, ScorpionEXO aims to set new standards in the industry, ensuring customers receive the best possible products.

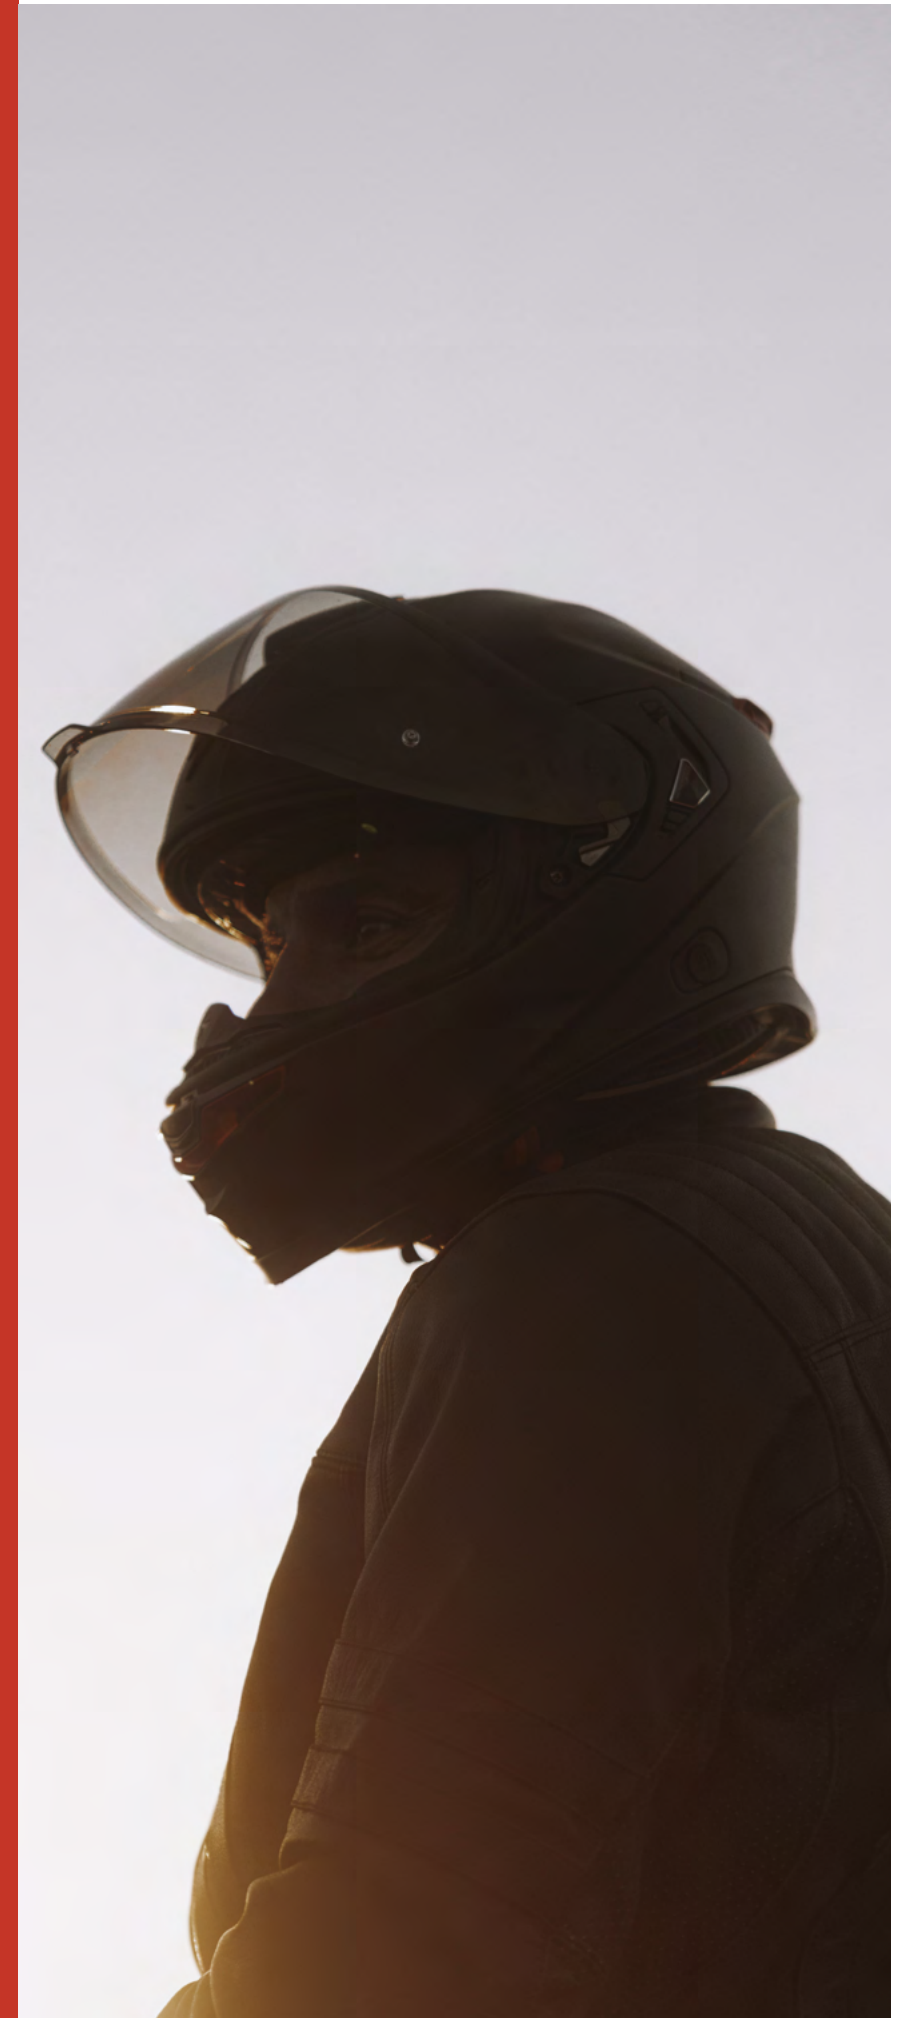

QUALITY

ScorpionEXO places a strong emphasis on quality for each new initiative, ensuring that every product undergoes extensive testing.

This meticulous process is designed to assess and enhance the product's durability, functionality, and safety before it reaches the consumer market. By adhering to this rigorous testing protocol, ScorpionEXO consistently delivers products that meet high standards of excellence.

VALUE

In today's retail landscape, maintaining brand integrity and competitive pricing go hand in hand. Ensuring strong value at competitive prices is crucial for the enduring preservation of a brand's reputation.

OVERVIEW 2027

8

The New APEX Series from ScorpionEXO motorcycle helmets puts its attention to developing and offering the best Shell Materials, Aerodynamics, Vision, Safety, Weight, Ventilation and Comfort.

Experience the future of riding with the APEX Series — where cutting-edge materials, pioneering technology, and unmatched craftsmanship converge

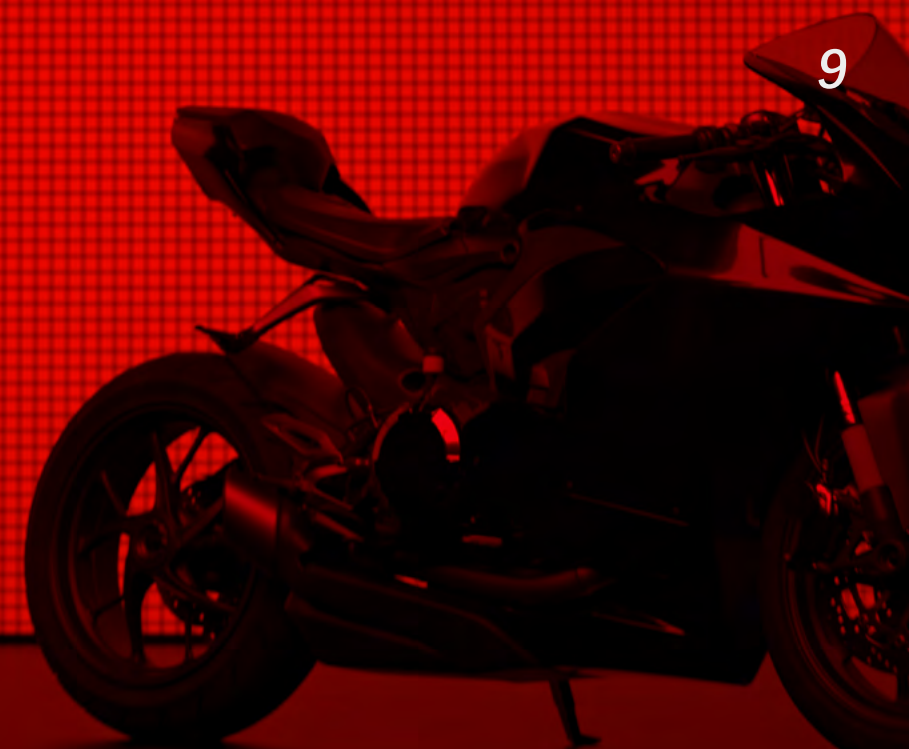

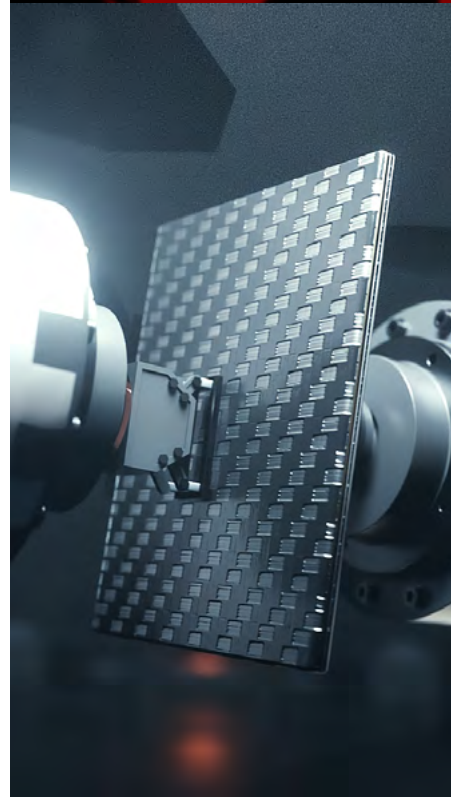

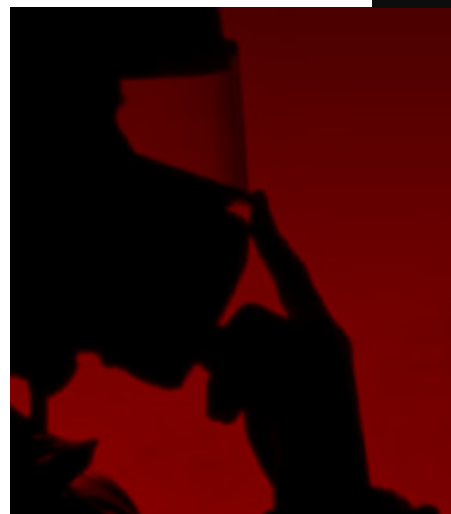

To unleash riders' potential, one stage at a time by elevating protection and expression. To be the most beloved brand in the world of mobility, synonymous with quality, innovation, and style.

Providing consumer-centric mobility equipment, seamlessly integrating innovation to elevate comfort and guarantee rider safety.

To create higher brand recognition in premium sports tourer society and make APEX Series be recognized as ScorpionEXO's most innovative and premium quality sub-brand worth every penny.

By fulfilling not only the basic needs such as safety and comfort, but also through detailed finish, innovative new features, and awesome style.

PUSHING THE BOUNDARIES OF RACING HELMET INNOVATION

Born to Compete. Designed to Lead.
The EXO-RACE Air marks a bold new chapter in the ScorpionEXO legacy as the first racing helmet in our premium APEX series. It is meticulously crafted for peak performance, combining elite-level protection, refined aerodynamics, and advanced features tailored for professional racers and high-speed enthusiasts.

Certified for Competitive Excellence
Built to meet the demanding standards of FIM Racing #2 certification, the EXO-RACE Air is engineered to perform under the intense conditions of top-level racing. Whether on the track or at full throttle on the road, it provides exceptional safety, control, and peace of mind.

Spoiler Technology that Adapts to Every Ride
One of the most advanced features of the EXO-RACE Air is its adjustable rear spoiler. This component extends to increase downforce and high-speed stability during aggressive riding, then retracts for a streamlined shape that reduces drag in casual or urban settings. It provides versatile aerodynamic control, allowing riders to adapt instantly to any condition.

Every Element Designed with Purpose
From the new one-touch ratchet system that allows for smooth and secure visor operation, to the supplemental exhaust vent that expels heat through pressure differentials, every detail is performance-driven.

The Future of Racing Helmets Begins Here
Command every ride with confidence and clarity in the EXO-RACE Air, the most advanced racing helmet ever developed by ScorpionEXO.

APEX EXO-RACE AIR

Lite Force Carbon Matrix Fiber
Developed from premium 12K chopped carbon strands, expertly fused into our proprietary Carbon Mat. This intricate configuration ensures optimal energy dissipation on impact from any angle, laying the foundation for unparalleled protection.

Aerodynamics Perfected through Vortex Engineering
Both the face shield and rear spoiler have been redesigned based on Vortex Generator principles to improve airflow, reduce drag, and minimize turbulence. A reinforced locking mechanism ensures a tight wind seal for greater stability and quiet performance, even during extreme rides.

Pure Visual Precision
With an Optical Class 1 face shield, the helmet offers a distortion-free view and unmatched clarity. The variable thickness enhances visual accuracy and minimizes glare, allowing riders to read the track or road with absolute confidence.the foundation for unparalleled protection.

Warranty
All ScorpionEXO helmets have a warranty of 5 years.
Although there is no visible damage on your helmet, general wear and tear over time may affect overall function of protective helmet and increase the risk of injury in accident. It is advisable to replace your helmet no later than every 5 years from purchase.

Should you have a warranty claim, go to your Scorpion dealer with your invoice (this is you purchase proof, it's necessary in order to start the warranty process). You can find our dealers' list on ScorpionExo websites listed below (choose your country and then the location). The dealer will contact our after sales service and start the warranty process in order to check and/or repair your helmet.

REDEFINING
EXCELLENCE IN
PREMIUM MOTORCYCLE
HELMETS

Unrivaled Safety: Prepare to be amazed by the EXO-GT SP Air's cutting-edge safety features. We've revolutionized the industry with our innovative prepreg shell, combining Chopped & 3K Twill carbon for maximum impact absorption without the added weight. Experience the ultimate in protection - it's simply awe-inspiring.

Enhanced Vision: Step into the future with the world's first helmet to feature aspherical surface design on both the sun-visor and face-shield. Our relentless pursuit of perfection has resulted in achieving Optical Class 1 for both components. See the road ahead with unparalleled clarity and precision.

Whisper-Quiet and Refreshingly Cool: We've pushed the boundaries of technology to bring you a helmet that delivers a serene and comfortable riding experience. Our ingenious noise-reduction mechanism ensures a quieter journey, while the maximized ventilation system keeps you refreshed and revitalized, even during long rides. Discover the perfect balance between tranquility and exhilaration.

Uncompromising Quality and User Experience: The EXO-GT SP Air takes a back-to-basics approach, focusing on enhancing the fundamental operating and handling features that matter most to riders. Every aspect has been meticulously scrutinized to ensure a helmet that is not only easy to operate and smooth but also unmatched in quality. This is the epitome of a true Touring helmet—superior in every detail, leaving no competition in its wake.

APEX
EXO-GT SP AIR

Lite Force Carbon Matrix Fiber
Developed from premium 12K chopped carbon strands, expertly fused into our proprietary Carbon Mat. This intricate configuration ensures optimal energy dissipation on impact from any angle, laying the foundation for unparalleled protection.

Optical Class 1 Faceshield
APEX Series Optical Class 1 shield features varied thicknesses throughout the lens which enhances visual accuracy, reduces glare, and prevents distortion. Additionally, its specially designed shape was developed to improve aerodynamics and reduce wind noise during rides.

Ellip-tec II
Easy, secure, tool-less visor changes in seconds. Pulls the visor back against the eyeport gasket during closure to ensure a proper seal.

A PREMIUM OPEN-FACE
HELMET ELEVATED BY
APEX ENGINEERING

The EXO-GT JET represents a new era in open-face helmet design. As the newest addition to ScorpionEXO's exclusive APEX series, it is crafted to set the standard in the premium open-face category. With its sophisticated styling, advanced protective features, and aerodynamic enhancements, this helmet is designed for riders who expect more from their gear.

Lightweight Protection, Engineered for
Confidence

At the heart of the EXO-GT JET is our APEX-exclusive TCT Ultra Fusion shell, constructed using a blend of Chopped Fiber and 3K Twill Carbon.

This advanced material combination delivers superior impact absorption while maintaining an impressively low weight, providing premium-level safety without added bulk or fatigue.

Aerodynamic Refinement through Jet-Specific Design

Drawing inspiration from the acclaimed EXO-R1 Air, the EXO-GT JET introduces a purpose-built rear spoiler that brings aerodynamic efficiency to open-face riding. This innovative design stabilizes airflow around the helmet, effectively reducing drag and wind noise. The result is a smoother, quieter experience, even at higher speeds.

Refined Craftsmanship with Practical
Benefits

Tailored for riders who appreciate premium quality and thoughtful engineering, the EXO-GT JET delivers refined finishes and functional elegance at an accessible level. It is ideally suited for urban commuters, weekend explorers, and daily riders seeking comfort, style, and innovation without compromise.

APEX
EXO-GT JET

Lite Force Carbon Matrix Fiber

Developed from premium 12K chopped carbon strands, expertly fused into our proprietary Carbon Mat. This intricate configuration ensures optimal energy dissipation on impact from any angle, laying the foundation for unparalleled protection

Freedom Meets Precision

Every contour of the EXO-GT JET reflects aerodynamic intent and thoughtful design. Its featherweight shell, dynamic profile, and attention to detail combine to create a helmet that is both expressive and performance-oriented. It redefines the open-face experience with a blend of freedom and precision that only the APEX series can offer.

Discover the Evolution of Open-Face Riding

The EXO-GT JET invites you to experience the future of open-face helmets with premium materials, advanced engineering, and timeless style reimaged for modern riders.

REFINED TO WIN.
EVOLVED TO LEAD.

ScorpionEXO's ultimate racing helmet returns with even greater precision. Now sharper, quieter, and more aerodynamic than ever, the EXO-R1 EVO II CARBON AIR builds upon the proven performance of its predecessor to push the boundaries of lightweight protection and race-focused engineering.

Constructed with our exclusive TCT Ultra Carbon shell, this helmet offers an exceptionally light feel while maintaining outstanding strength and safety. Its newly refined aerodynamic shape, combined with enhanced noise-reduction architecture, provides a smoother and more focused riding experience. Whether you are chasing lap times on the track or carving through fast canyon roads, it delivers uncompromising performance.

Equipped with the AIRFIT® inflation system for a personalized fit and advanced ventilation designed for elite riders, the EVO II represents the natural evolution of ScorpionEXO's top-tier racing helmet. The improvements may be subtle in appearance but are significant in impact.

Race-proven. Rider-focused. The EXO-R1 EVO II CARBON AIR is built for those who never settle and always ride with purpose

PINNACLE OF PERFORMANCE

Unrivaled Quality and Performance:
Introducing the EXO-R1 EVO II Air, a MotoGP & WSBK tested helmet that sets a new standard for excellence. Its super lightweight TCT Ultra shell is beautifully crafted, embodying the pinnacle of quality and performance.

Masterfully Engineered for Precision and Aerodynamics:
The EXO-R1 EVO II Air features a precisely designed shell sculpture, reducing buffeting and allowing you to slice through the air effortlessly. Enhanced ventilation is achieved through a larger top vent that draws in fresh air efficiently, while redesigned exhaust vents expel hot air, keeping you cool and composed.

Crystal Clear Vision:
Enjoy unparalleled clarity with the Optical Class 1 shield of the EXO-R1 EVO II Air. The wide eyeport offers a panoramic view of 190° horizontally and 100° vertically, ensuring nothing escapes your sight and enhancing your racing experience.

Unparalleled Features for Every Rider:
The EXO-R1 EVO II Air isn't just for extreme racing conditions; it caters to every rider's needs. Its improved features ensure a ride like no other, making it the ideal choice for all riding conditions.

THE EVOLUTION OF EXCELLENCE

Sharper Design. Quieter Ride. Refined in Every Detail

With an improved aerodynamic shell, the EXO-1500 AIR offers enhanced stability and reduced drag for a smoother experience on the road. Its reengineered interior structure provides excellent noise insulation, allowing for quieter, more focused long-distance journeys. The premium surface finish has also been upgraded to reflect a higher level of sophistication, perfectly suited for the next generation of touring helmets.

Intelligent Visibility with a New Adjustable Sun Visor

The newly integrated internal sun visor features an innovative height adjustment system that allows riders to fine-tune their field of vision. Whether facing low-angle sunlight or fluctuating light conditions, this adaptive solution ensures optimal visibility and comfort at all times.

Touring Innovation with Elevated Performance

Staying true to its roots, the EXO-1500 AIR retains key features such as the AIRFIT® inflation system, allowing riders to achieve a custom fit with ease. For those who seek the highest levels of performance and reduced weight, the model is also available in an ultra-light Carbon edition.

EXO-1500 AIR: A New Benchmark in Touring

From noise control and ergonomic comfort to aesthetic refinement and advanced fit systems, every detail of the EXO-1500 AIR has been meticulously crafted to enhance your journey and elevate your touring experience to new heights.

FULL FACE EXO-1500 AIR

Ultra TCT

Combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal.

Ellip-tec II

Easy, secure, tool-less visor changes in seconds. Pulls the visor back against the eyeport gasket during closure to ensure a proper seal.

Pinlock MaxVision 70 Included

Pinlock® 100% MaxVision® ensures a 100% fog-free vision. The anti-fog insert lens is placed in the ScorpionEXO face shield, providing maximum visibility.

Kwikwick 3

KwikWick® anti-microbial fabric keeps you cool and dry in warm weather, warm in cool weather. Liner is easily removable and washable. The KwikWick® have 3D cheek pads.

Warranty

EVERYTHING
UPGRADED. NOTHING
COMPROMISED.

The EXO-530 AIR represents the next chapter in ScorpionEXO’s renowned sport-touring full-face helmet lineup. As a complete refinement of the EXO-520 AIR, it brings meaningful advancements for riders who demand versatility, comfort, and consistent performance in every situation.

With a newly sculpted aerodynamic shell, enhanced ventilation, and improved noise insulation, the EXO-530 AIR offers a smoother, quieter, and more stable ride. The updated interior liner system ensures a more precise and secure fit, while upgraded materials throughout the helmet provide long-lasting comfort and durability.

It retains core features such as the integrated sun visor and the AIRFIT cheek pad inflation system, along with its aggressive, performance-oriented shell design. These elements now work together more effectively than ever, creating a seamless and rider-focused experience.

Smarter airflow. Sleeker design. Stronger performance.
The EXO-530 AIR is built for real-world riding, where comfort, control, and confidence are everything.

EXO-530i AIR SOLID FULL FACE 2026

Ride Bright. Ride Smart.

The EXO-530i AIR represents a bold leap in both rider visibility and modern helmet design. With integrated rear LED illumination built directly into the spoiler, this helmet offers more than just performance.

It makes a statement on every ride.

It is available in four vivid lighting colors: White, Red, Green, and Blue. This LED system significantly enhances your visibility on the road, especially in low-light or challenging weather conditions. Whether you are navigating city streets after dark or riding through early morning fog, the EXO-530i AIR ensures that you stand out for all the right reasons.

This is not simply a design element. It is a reimagined safety feature that blends functionality with bold visual impact. ScorpionEXO's advanced illumination technology allows you to ride with greater confidence and a signature glow that is impossible to ignore.

The EXO-530i AIR lights the way forward with innovation, visibility, and unmistakable style.

Helmet for Juniors

Youthful Protection:

Experience the perfect blend of safety, comfort, and style with the EXO-JNR Air. Its lightweight polycarbonate shell, designed using advanced CAD technology, ensures an ideal fit for young riders. Safety never looked so good.

Stay cool during thrilling rides with the integrated ventilation system, keeping young adventurers refreshed. The large eye port maximizes visibility, while the hassle-free shield ratchet system makes changing shields a breeze.

Growing riders are taken care of with the ‘AirFit’ system, offering a personalized inflation system to accommodate different cheekbone shapes. The EXO-JNR Air is the ultimate choice for young riders who crave comfort and confidence.

FULL FACE
EXO-JNR AIR

AirFit

Inflatable cheek pad system for superior personalized fit.

Ellip-tec II

Easy, secure, tool-less visor changes in seconds. Pulls the visor back against the eyeport gasket during closure to ensure a proper seal.

Pinlock MaxVision Prepared

Pinlock® 100% MaxVision® ensures a 100% fog-free vision. The anti-fog insert lens is placed in the ScorpionEXO face shield, providing maximum visibility.

Kwikwick C

KwikWick® anti-microbial fabric keeps you cool and dry in warm weather, warm in cool weather. Liner is easily removable and washable. The KwikWick® have 3D cheek pads.

Warranty

All ScorpionEXO helmets have a warranty of 5 years.

Although there is no visible damage on your helmet, general wear and tear over time may affect overall function of protective helmet and increase the risk of injury in accident. It is advisable to replace your helmet no later than every 5 years from purchase. Should you have a warranty claim, go to your Scorpion dealer with your invoice (this is your purchase proof, it's necessary in order to start the warranty process). You can find our dealers' list on ScorpionExo websites listed below (choose your country and then the location).

The dealer will contact our after sales service and start the warranty process in order to check and/or repair your helmet.

FIGHT

Another Originality & Speciality

The Creator of the original bad-ass Covert/ Combat Motorcycle Helmet has now developed a full-face version, the Covert FX! The Covert FX displays the same edgy style and function that is expected from the ScorpionEXO Covert/Combat Series.

However, stylish the details may be, they have important functions. Each helmet is carefully hand-crafted using the latest fiberglass, aramid, and polyresin fibers which provide superior strength and extreme lightweight. The low-profile shell has been aerodynamically tuned for motorcycle riding, minimizing both lift and turbulence for a smoother, quieter, and more stable ride.

Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick 3 comfort liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride. ScorpionEXO continues to set the new standard when it comes to value in a motorcycle helmet by including a Free Dark Smoke Shield, as well as a Clear shield, right out of the box. If you're looking for a Stylish and Functional motorcycle helmet that's perfect for both city commutes and long distance touring, look no further than the Covert FX.

STREET FIGHT
COVERT FX

Ultra TCT

Developed by ScorpionEXO, revolutionary new pre-preg technology offers unrivaled protection. Extremely light, digressive integrity on impact absorbs more energy.

Ready to Fight Tonight

True Bad-ass is back! Loved by celebrities. Enjoyed being on the blockbuster movie screens.

The new EXO-Combat II is back with an even more aggressive design and radical look! Improved fitment, enhanced noise-reduction and an optically improved sun visor are just a few of the improvements over the previous EXO-Combat Helmet.

The new 2-Piece design allows the rider maximum airflow by converting to an open-face style helmet when needed.

Attach the mask to complete the aggressive ‘bad-ass’ look or just to add a little protection from debris, noise, and weather. Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick comfort Liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride.

The original EXO-Combat “Bad-Ass” was no easy act to follow. The EXO-Combat II not only represents a true evolution, but it also lays waste to all the wannabes who’ve tried to follow in the Original EXO-Combat’s wake!

An affordable modular helmet

Based on the proven EXO-Tech Evo platform. It retains aggressive styling, flip-back functionality, integrated sun visor, efficient ventilation, and rider-focused comfort that have made the EXO-Tech series popular.

Riders can optionally purchase a Pinlock® 120 XLT lens for enhanced anti-fog performance, making it a valuable choice that delivers essential modular features without unnecessary extras.

ADVENTURE

Introducing the all-new ADF-9000 Carbon Air Edition, crafted for the dedicated Adventure Rider.

This enhanced model features a robust and lightweight carbon fiber shell, elevating it above its predecessor. Built with advanced TCT Ultra Technology, the ADF-9000 Carbon Air Edition delivers superior durability and minimal weight. Each helmet is meticulously crafted for top-tier quality.

The Exolon® Peak Visor, made from shatter-resistant material, reduces buffeting at high speeds and can be easily removed for highway riding or low sun conditions. For off-road adventures, the helmet includes a tool-free face shield removal system, allowing quick transitions to goggles. The wide eye port enhances peripheral vision and fits most goggle sizes and brands.

A signature feature of ScorpionEXO helmets is the AirFit® liner inflation system, enabling customized cheek pad fit to reduce wind noise and lift.

Whether tackling global routes or casual rides, the ADF-9000 Carbon Air Edition offers exceptional comfort, safety, and confidence, making it the ultimate All-Road, All-Weather helmet. The new carbon fiber shell takes it to the next level, providing unmatched strength and lightness for any terrain.

For those Serious and Chic

The all-new ADF-9000 Air was engineered to meet the demands of the serious Adventure Rider by striking the perfect balance of features and benefits for both on and off-road. Each helmet is carefully hand-crafted using the latest TCT Ultra Technology, providing superior strength and light-weight.

The Exolon® Peak Visor features a special shatter-resistant material that is built to help prevent shattering. In addition to its unique material, the peak visor’s aerodynamics were designed to help keep buffeting to a minimum when riding at high speeds. If the highway is your primary terrain, or if you’re riding away from the sun, the peak visor can be easily removed by loosening the peak visor bolts by hands. When your adventures take you off-road where goggles are preferred, the face shield features a tool-less system allowing you to easily and quickly swap your shield for goggles. The wide eye port allows for greater peripheral vision and accommodates most sizes and brands of goggles.

Another unique feature only seen in ScorpionEXO helmets is the AirFit® liner inflation system, which allows you to customize the fit of your cheek pads. The ADF-9000 Air was built to provide you with the comfort, safety, and confidence needed to take on any terrain; making it a true All-Road, All-Weather helmet!

ADVENTURE
ADF-9000 AIR

Ultra TCT

Combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal.

Titanium Double D

High strength titanium D-ring system with industry leading durability.

Pinlock MaxVision 120 XLT Included

Pinlock® 100% MaxVision® ensures a 100% fog-free vision. The anti-fog insert lens is placed in the ScorpionEXO face shield, providing maximum visibility.

Kwikwick 3

KwikWick® anti-microbial fabric keeps you cool and dry in warm weather, warm in cool weather. Liner is easily removable and washable. The KwikWick® have 3D cheek pads.

Warranty

All ScorpionEXO helmets have a warranty of 5 years.

Although there is no visible damage on your helmet, general wear and tear over time may affect overall function of protective helmet and increase the risk of injury in accident. It is advisable to replace your helmet no later than every 5 years from purchase.

Should you have a warranty claim, go to your Scorpion dealer with your invoice (this is you purchase proof, it's necessary in order to start the warranty process).

You can find our dealers' list on ScorpionExo websites listed below (choose your country and then the location).

The dealer will contact our after sales service and start the warranty process in order to check and/or repair your helmet.

When your rides regularly take you on and off road, it's time to consider ScorpionEXO's new Modular Adventure Helmet ADX-2, the newest offering in Adventure helmets, is an all innovative design and features over others.

Versatility with P/J double homologation and optimal functions for riders who intend to touring, adventure or even dirtbike, regardless of the riding conditions, ADX-2 is fully geared for all you desire.

Hyper-flexible adventure/dual sports modular helmet leads to all of the benefits with conveniently flipping-up the chinbar for a short break time, or swapping the face-shield to goggles for a serious dirtbike experience and also simply removing external peak visor for a better aerodynamic touring purpose.

Ticks all the boxes! ADX-2 is the helmet that possesses a variety of features including internal drop down SpeedView® sunvisor and KwikWick® C liner, providing maximum comfort for all types of adventures.

The inner lining is fully padded with soft fabric that prevents excessive sweating especially for long-distance or hot-day rides.

VX-22 AIR

SMX-10

OFF
ROAD

Successor of the iconic VX-21 Air with an impressive track record on all terrains, the new Scorpion VX-22 Air will have the difficult task of replacing the most emblematic model of its off-road range by combining the best of technology forever more efficiency.

Developed under the watchful eyes of the world's best cross and enduro riders, the new VX-22 Air reinvents the ingenuity of an all-terrain helmet for even more performance in action !

Ultra-light shell in shock-absorbing TCT fiber with MIPS® safety system, AirFit® inflation pump acting on the cheeks for a helmet made to measure, new KwikWick®III inner lining and ultra-cozy removable and washable padding in machine, Double-D titanium chinstrap, optimized ventilation system, Neck Brace compatible circular seal, new ultra-light and resistant visor ... the VX-22 Air is winning at all levels!

OFF ROAD
VX-22 AIR

Ultra TCT

Combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal.

MIPS

The world's most-used helmet safety system, MIPS reduces rotational force to the head on certain angled impacts with a refined fit, improved ventilation and a lighter construction.

Kwikwick 3

KwikWick® anti-microbial fabric keeps you cool and dry in warm weather, warm in cool weather. Liner is easily removable and washable. The KwikWick® have 3D cheek pads.the head on certain angled impacts.

Titanium Double D

High strength titanium D-ring system with industry leading durability.

Aggressive style, ultimate comfort—
built for every off-road adventure

An all-new off-road helmet replacing the VX-16 Evo Air.

It features lighter construction, aggressive modern styling, improved ventilation, and simplified fitment system. Designed for motocross, enduro, trail riding, and off-road adventures, it delivers strong performance, comfort, and cooling while maintaining excellent affordability.

The SMX-10 offers an ideal balance of value, durability, and capability for off-road riders seeking the best price-to-performance helmet.
