SCORPION
EXO

2025

ScorpionEXO is your riding partner who is always by your side with the most innovative, stylish, and desirable mobility gear. A trend-setter in the mobility industry where premium quality and features have made us the market leader with our “never settle” and “make it happen” mentality.

Focus
ScorpionEXO is dedicated to ongoing research and the pursuit of innovative technologies and materials to advance the quality of their products. This commitment is driven by the goal to not only enhance customer experiences but also to exceed their expectations. Through this continuous improvement, ScorpionEXO aims to set new standards in the industry, ensuring customers receive the best possible products.

Quality
ScorpionEXO places a strong emphasis on quality for each new initiative, ensuring that every product undergoes extensive testing. This meticulous process is designed to assess and enhance the product's durability, functionality, and safety before it reaches the consumer market. By adhering to this rigorous testing protocol, ScorpionEXO consistently delivers products that meet high standards of excellence.

Value
In today's retail landscape, maintaining brand integrity and competitive pricing go hand in hand. Ensuring strong value at competitive prices is crucial for the enduring preservation of a brand's reputation.

APEX

EXO-GT SP AIR

The New APEX Series from ScorpionEXO motorcycle helmets puts its attention to developing and offering the best Shell Materials, Aerodynamics, Vision, Safety, Weight, Ventilation and Comfort.

Experience the future of riding with the APEX Series — where cutting-edge materials, pioneering technology, and unmatched craftsmanship converge.

#FIND YOUR APEX

To unleash riders' potential, one stage at a time by elevating protection and expression. To be the most beloved brand in the world of mobility, synonymous with quality, innovation, and style.

Providing consumer-centric mobility equipment, seamlessly integrating innovation to elevate comfort and guarantee rider safety.

To create higher brand recognition in premium sports tourer society and make APEX Series be recognized as ScorpionEXO's most innovative and premium quality sub-brand worth every penny.

By fulfilling not only the basic needs such as safety and comfort, but also through detailed finish, innovative new features, and awesome style.

REDEFINING EXCELLENCE IN PREMIUM MOTORCYCLE HELMETS

Unrivaled Safety: Prepare to be amazed by the EXO-GT SP Air’s cutting-edge safety features. We’ve revolutionized the industry with our innovative prepreg shell, combining Chopped & 3K Twill carbon for maximum impact absorption without the added weight. Experience the ultimate in protection - it’s simply awe-inspiring.

Enhanced Vision: Step into the future with the world’s first helmet to feature aspherical surface design on both the sun-visor and face-shield. Our relentless pursuit of perfection has resulted in achieving Optical Class 1 for both components. See the road ahead with unparalleled clarity and precision.

Whisper-Quiet and Refreshingly Cool: We’ve pushed the boundaries of technology to bring you a helmet that delivers a serene and comfortable riding experience. Our ingenious noise-reduction mechanism ensures a quieter journey, while the maximized ventilation system keeps you refreshed and revitalized, even during long rides. Discover the perfect balance between tranquility and exhilaration.

Uncompromising Quality and User Experience: The EXO-GT SP Air takes a back-to-basics approach, focusing on enhancing the fundamental operating and handling features that matter most to riders. Every aspect has been meticulously scrutinized to ensure a helmet that is not only easy to operate and smooth but also unmatched in quality. This is the epitome of a true Touring helmet—superior in every detail, leaving no competition in its wake.

EXO-GT SP AIR
APEX

CHARACTERISTICS

Carbon Matrix Fiber

AirFit
Inflatable cheek pad system for superior personalized fit.

ECE R22.06

Emergency Release System

Lite Force Carbon Matrix Fiber
Developed from premium 12K chopped carbon strands, expertly fused into our proprietary Carbon Mat. This intricate configuration ensures optimal energy dissipation on impact from any angle, laying the foundation for unparalleled protection.

Optical Class 1 Faceshield
Unlike typical shields that can distort vision because of their uniform thickness across a curved lens, the Optical Class 1 shield features varied thicknesses throughout the lens which enhances visual accuracy, reduces glare, and prevents distortion. Additionally, its specially designed shape was developed to improve aerodynamics and reduce wind noise during rides.

Ellip-tec II
Easy, secure, tool-less visor changes in seconds. Pulls the visor back against the eyeport gasket during closure to ensure a proper seal.

Pinlock MaxVision Included

Cool Tech Liner Kit

Smoke Shield Included

SpeedView Internal Sun Visor
Optical Class 1 Sun Visor.

Introducing the all-new ADF-9000 Carbon Air Edition, crafted for the dedicated Adventure Rider.

This enhanced model features a robust and lightweight carbon fiber shell, elevating it above its predecessor. Built with advanced TCT Ultra Technology, the ADF-9000 Carbon Air Edition delivers superior durability and minimal weight. Each helmet is meticulously crafted for top-tier quality.

The Exolon® Peak Visor, made from shatter-resistant material, reduces buffeting at high speeds and can be easily removed for highway riding or low sun conditions. For off-road adventures, the helmet includes a tool-free face shield removal system, allowing quick transitions to goggles. The wide eye port enhances peripheral vision and fits most goggle sizes and brands.

A signature feature of ScorpionEXO helmets is the AirFit® liner inflation system, enabling customized cheek pad fit to reduce wind noise and lift.

Whether tackling global routes or casual rides, the ADF-9000 Carbon Air Edition offers exceptional comfort, safety, and confidence, making it the ultimate All-Road, All-Weather helmet. The new carbon fiber shell takes it to the next level, providing unmatched strength and lightness for any terrain.

Pinnacle of Performance: the EXO-R1 EVO II Air

Unrivaled Quality and Performance: Introducing the EXO-R1 EVO II Air, a MotoGP & WSBK tested helmet that sets a new standard for excellence. Its super lightweight TCT Ultra shell is beautifully crafted, embodying the pinnacle of quality and performance.

Masterfully Engineered for Precision and Aerodynamics: The EXO-R1 EVO II Air features a precisely designed shell sculpture, reducing buffeting and allowing you to slice through the air effortlessly. Enhanced ventilation is achieved through a larger top vent that draws in fresh air efficiently, while redesigned exhaust vents expel hot air, keeping you cool and composed.

Crystal Clear Vision: Enjoy unparalleled clarity with the Optical Class 1 shield of the EXO-R1 EVO II Air. The wide eyeport offers a panoramic view of 190° horizontally and 100° vertically, ensuring nothing escapes your sight and enhancing your racing experience.

Unparalleled Features for Every Rider: The EXO-R1 EVO II Air isn’t just for extreme racing conditions; it caters to every rider’s needs. Its improved features ensure a ride like no other, making it the ideal choice for all riding conditions.

Aggressive Innovation: Witness the cutting-edge spirit of ScorpionEXO embodied in the all-new EXO-1400 EVO II helmet. Its aggressive shape, lightweight construction, and brand-new top super ventilation system showcase our commitment to pushing boundaries. Prepare to experience true innovation.

The EXO-1400 EVO II surpasses its predecessor, the 1400 EVO, in silence. With the latest ScorpionEXO’s technology, enjoy a quieter ride like never before. The upgraded Top-Supervent ensures optimal airflow, efficiently cooling the helmet while expertly channeling hot air out through the rear vent.

Enhanced Operation, Elevated Comfort: We’ve taken operation handling to a new level with the EXO-1400 EVO II. Every interaction with this helmet is seamless and intuitive, ensuring a hassle-free experience. Designed for tourers who ride all day, every day, this helmet is engineered to provide unparalleled comfort.

Unleash the power of innovation and comfort with the EXO-1400 EVO II. Embrace silence, conquer the road, and experience the pinnacle of touring helmet excellence.

If you are in a search for a cool, stylish looking Full Face helmet, yet versatile and rational, the EXO-491 is the best option for you.

EXO-491 is a fully qualified successor of the popular EXO-490, coming with all advanced features and fuctions. It utilizes ScorpionEXO's multi-layer EPS and carries ram-air vent system providing substantial in and out airflow, MaxVision® (Optional) face shield prepared for a wider field of view, Kwikwick® C moisture wicking fully removable and washable liner is a bonus, and built-in SpeedView® drop down sunvisor.

Just More than You Ask. If you're the one who enjoys daily riding with diverse features and looking for the most reasonable helmet, the EXO-491 will be your favorite.

Helmet for Juniors

Youthful Protection:
Experience the perfect blend of safety, comfort, and style with the EXO-JNR Air. Its lightweight polycarbonate shell, designed using advanced CAD technology, ensures an ideal fit for young riders. Safety never looked so good.

Stay cool during thrilling rides with the integrated ventilation system, keeping young adventurers refreshed. The large eye port maximizes visibility, while the hassle-free shield ratchet system makes changing shields a breeze.

Growing riders are taken care of with the ‘AirFit’ system, offering a personalized inflation system to accommodate different cheekbone shapes. The EXO-JNR Air is the ultimate choice for young riders who crave comfort and confidence.

STREETFIGHT HELMETS

COVERT-FX | EXO-COMBAT II

Another Originality & Speciality

The Creator of the original bad-ass Covert/Combat Motorcycle Helmet has now developed a full-face version, the Covert FX! The Covert FX displays the same edgy style and function that is expected from the ScorpionEXO Covert/Combat Series.

However, stylish the details may be, they have important functions. Each helmet is carefully hand-crafted using the latest fiberglass, aramid, and polyresin fibers which provide superior strength and extreme lightweight. The low-profile shell has been aerodynamically tuned for motorcycle riding, minimizing both lift and turbulence for a smoother, quieter, and more stable ride.

Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick 3 comfort liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride. ScorpionEXO continues to set the new standard when it comes to value in a motorcycle helmet by including a Free Dark Smoke Shield, as well as a Clear shield, right out of the box. If you're looking for a Stylish and Functional motorcycle helmet that's perfect for both city commutes and long distance touring, look no further than the Covert FX.

Ready to Fight Tonight

True Bad-ass is back! Loved by celebrities. Enjoyed being on the blockbuster movie screens.

The new EXO-Combat II is back with an even more aggressive design and radical look! Improved fitment, enhanced noise-reduction and an optically improved sun visor are just a few of the improvements over the previous EXO-Combat Helmet.

The new 2-Piece design allows the rider maximum airflow by converting to an open-face style helmet when needed.

Attach the mask to complete the aggressive ‘bad-ass’ look or just to add a little protection from debris, noise, and weather. Integrated speaker pockets make it easy to install your favorite Bluetooth® communication device, while the KwikWick comfort Liner features a moisture-wicking material that will keep you cool, dry, and comfortable during your ride.

The original EXO-Combat “Bad-Ass” was no easy act to follow. The EXO-Combat II not only represents a true evolution, but it also lays waste to all the wannabes who’ve tried to follow in the Original EXO-Combat’s wake!

EXO and the City

The EXO-City was designed to offer a modern, protective, practical and functional product for those riders who need more than just a normal jet helmet.

The face shield is specially extended in length for serious wind blocking, and the internal drop down SpeedView® sun visor protects the rider from excessive UV light and washable KwikWick®C liner will keep you coomfortable and fresh with its moisture-wicking properties.

ADVENTURE HELMETS

ADF-9000 AIR | ADX-2

For those Serious and Chic

The all-new ADF-9000 Air was engineered to meet the demands of the serious Adventure Rider by striking the perfect balance of features and benefits for both on and off-road. Each helmet is carefully hand-crafted using the latest TCT Ultra Technology, providing superior strength and light-weight.

The Exolon® Peak Visor features a special shatter-resistant material that is built to help prevent shattering. In addition to its unique material, the peak visor’s aerodynamics were designed to help keep buffeting to a minimum when riding at high speeds. If the highway is your primary terrain, or if you’re riding away from the sun, the peak visor can be easily removed by loosening the peak visor bolts by hands. When your adventures take you off-road where goggles are preferred, the face shield features a tool-less system allowing you to easily and quickly swap your shield for goggles. The wide eye port allows for greater peripheral vision and accommodates most sizes and brands of goggles.

Another unique feature only seen in ScorpionEXO helmets is the AirFit® liner inflation system, which allows you to customize the fit of your cheek pads. The ADF-9000 Air was built to provide you with the comfort, safety, and confidence needed to take on any terrain; making it a true All-Road, All-Weather helmet!

When your rides regularly take you on and off road, it's time to consider ScorpionEXO's new Modular Adventure Helmet ADX-2, the newest offering in Adventure helmets, is an all innovative design and features over others.

Versatility with P/J double homologation and optimal functions for riders who intend to touring, adventure or even dirtbike, regardless of the riding conditions, ADX-2 is fully geared for all you desire.

Hyper-flexible adventure/dual sports modular helmet leads to all of the benefits with conveniently flipping-up the chinbar for a short break time, or swapping the face-shield to goggles for a serious dirtbike experience and also simply removing external peak visor for a better aerodynamic touring purpose.

Ticks all the boxes! ADX-2 is the helmet that possesses a variety of features including internal drop down SpeedView® sunvisor and KwikWick® C liner, providing maximum comfort for all types of adventures.

The inner lining is fully padded with soft fabric that prevents excessive sweating especially for long-distance or hot-day rides.

OFF ROAD HELMETS

VX-22 AIR | VX-16 EVO AIR

Successor of the iconic VX-21 Air with an impressive track record on all terrains, the new Scorpion VX-22 Air will have the difficult task of replacing the most emblematic model of its off-road range by combining the best of technology forever more efficiency.

Developed under the watchful eyes of the world’s best cross and enduro riders, the new VX-22 Air reinvents the ingenuity of an all-terrain helmet for even more performance in action !

Ultra-light shell in shock-absorbing TCT fiber with MIPS® safety system, AirFit® inflation pump acting on the cheeks for a helmet made to measure, new KwikWick®III inner lining and ultra-cozy removable and washable padding in machine, Double-D titanium chinstrap, optimized ventilation system, Neck Brace compatible circular seal, new ultra-light and resistant visor ... the VX-22 Air is winning at all levels!

Feel the brand-new differences in design and fitment.

VX-16 EVO Air inherited the great features of VX-15 series such as AirFit, large eyeport, removable mouth vent, and peak visor extension, while it offers improved fitment with lasercut 3D contoured cheek pads, larger chin room to breathe more comfortably, and lighter weight thanks to ScorpionEXO's advanced thermoplastic shell.

Also it does not miss the a-la-mode design trend in current offroad helmets. The VX-16 EVO Air will write another page in ScorpionEXO's offroad helmet history.
